R3 Exception for the 2024-25 Executive Committee mandate to have more members above younger than 35 but older than 30 than envisioned in the statutes

Proposer: Polish Young Greens
Agenda item: 5. Resolutions

Resolution text

In the event of the failure of the amendment to the Statutes, as proposed by the Polish Young Greens this year, we wish to request the General Assembly to create an exception for the 2024-25 Executive Committee mandate, allowing for more members aged between 30 and 35 to be elected than currently stipulated in the Statutes.

Considering that this year we have three candidates for the EC above the age of 30, with only one of them able to be selected, this limitation prevents the formation of a complete EC and necessitates the organisation of by-elections, despite having sufficient candidates. This places an additional and unnecessary strain on the organisation, both on the future EC and the office. This may also divest CDN of valuable expertise that the candidates may provide as elected EC members.

As stated in the Statutes, the General Assembly retains the right to decide on exceptional cases. Therefore, we propose the abolition of the term limit for the 2024-25 term.
