COMG-052

Political Platform Amendment

Proposer: Youth for a Green Future (decided on: 21.11.2026)

Title: **COMG-052: CDN Council of Members Guidelines**

Motion text

From line 52 to 54:

Each working group is ~~headed~~lead and coordinated by a delegate ~~coming~~representing a Member Organisation. Each working group should select its coordinator from among the ~~Member organisation~~participating MO delegates through a transparent and democratic procedure. Coordinators should report regularly to the CoM on the progress of their working groups. Where a coordinator resigns or becomes inactive, the working group should select a replacement.

Reason

Working groups should have ownership over their coordination, rather than relying on appointments made by the presiding MO or EC.
