Introduction

Age:
32

Gender:
malle

Organisation:
Polish Young Greens

Your E-mail Address:
jakub.bojanowski92@gmail.com

Hello everyone!

My name is Kuba Bojanowski, I am 32 years old (he/his), I come from and live in Warsaw. I work and do my PhD at Warsaw University of Life Sciences.

I graduated from environmental protection at the Warsaw University of Technology, and I am working on my PhD in the field of adaptation of small and medium-sized cities to climate change. As part of the Erasmus+ program, I studied ecology at the Universidade de Coimbra and completed postgraduate studies in the field of functioning of European structures.

Since 2018, I have been a member of the Polish Greens and Polish Young Greens. During this time, I have shown myself to be an active and dedicated person who very carefully chooses the tasks he wants to undertake, but when he does, he carries them out with the utmost care and commitment. Through my candidacy, I would like to continue contributing to the development of CDN using the experience gained during the previous term, as well as the experience I gained in activism and professional activity.

In my free time, I love listening to music, mainly rock, metal, gothic, dark wave and folk. I am also a movie buff and I love playing strategy computer games. Apart from that I love contact with nature, picking mushrooms and traveling.

I am looking forward to our meeting in Zagreb and if you have any questions I am at your disposal.

Kuba Bojanowski

Jakub Bojanowski

Polish Young Greens

Dear members of the Green Family,

In my cover letter, I would like to explain why I have decided to run for the CDNee Executive Committee again.

I have been a member of the Polish Young Greens since 2018, and since 2022 I have been actively participating in international events organized by CDNee and FYEG. Over the past three years, I have had the opportunity to participate in several events organized by the Young Greens, during which I have managed to meet many committed and dedicated people and our wonderful Green Family, as well as learn more about the principles and functioning of these organizations.

Although the last year of work within the EC has not passed without disruptions and various changes in the composition and competences, I believe that I have fulfilled the tasks and functions entrusted to me, thanks to which I can once again ask for your trust. Last year, I was responsible for organizing EC work (organizing online meetings, preparing the agenda, etc. etc.), and also on behalf of CDNee I was a member of the Prep Team in the event organized in Baku together with FYEG on the occasion of COP29 - 'Ready, set, go… - The green future', which was described by many participants as one of the best events in recent years. In addition, I was responsible for preparing the ecological part of the new Political Platform and was a support person for our treasurer. I also represented CDNee at EGP GA in Dublin. Since September I have also taken over the role of the contact person with MO within one of the regions, i.e. the Caucasus.

I believe that my experience that I have gained during this year and that gained from knowledge about the functioning of ecological organizations, as well as professional and academic, can continue to make a positive contribution to the activities conducted by CDNee. As a person who has been dealing with environmental issues for years, I would like us to conduct discussions and training on this issue again, because broadly understood environmental protection is in the DNA of our organization.

I believe that with commitment and hard work we can strengthen CDNee to unite pro-democracy organizations even more effectively to exchange knowledge, experiences and resources.

I would be honored if you trusted me at the next General Assembly in Zagreb, and I can promise that I will work to build even closer cooperation and a stronger CDNee.

Kind regards,

Jakub Bojanowski

Warsaw, 26.02.2025

Dearest Green Friends,

We are delighted to inform you that *Ostra Zieleń* – Polish Young Greens fully supports the application of Jakub Bojanowski for a position on the Executive Committee of the Cooperation and Development Network Eastern Europe (CDN).

Jakub became a member of *Ostra Zieleń* in 2018 and has since been deeply involved in **advancing the green movement** in Poland, as well as encouraging the **active participation of young people in politics.** Over the years, he has consistently **supported** both local and national **campaigns** organized by *Ostra.*

For the past five years, Jakub has **represented *Ostra Zieleń* within the Mother Party,** serving on the National Council since 2020. During this time, he has proven his ability to **mediate** and **foster a positive, inclusive atmosphere** within the organization. His strength lies in his capacity to **listen carefully** to others and **find solutions** that benefit all parties involved.

Since 2022, Jakub has played an active role in **international cooperation.** Over the last two years, he has taken part in more than a dozen events organized by CDN and FYEG, and since 2024, he has been serving as **a member of the CDN EC.**

Among his significant contributions, Jakub was a part of the Prep Team for the event *"Ready, Set, Go... - The Green Future,"* which was organized in collaboration with FYEG in Baku during COP29. He also contributed to the **development of the environmental section of the new Political Platform** and provided **valuable support to CDN's treasurer.** Following the departure of an EC member, Jakub stepped into the role of **contact person** for Member Organizations in the Caucasus region.

Jakub's **commitment** to the Polish Young Greens and the Cooperation and Development Network Eastern Europe is evident through his willingness to collaborate, his professionalism, and his enthusiasm. Therefore, we strongly support his candidacy.

On behalf of „Ostra Zieleń" – Polish Young Greens,

Renata Liliana Anetska

International Secretary Member
