## S4 Statutes amendments

Proposer: Belarus Young Greens  
Resolution date: 13.03.2025  
Agenda item: 2. Statutes Amendments

### Statutes

From line 175 to 179:

1. countries. However, no more than two Administrators can come from the same country. ~~The General Assembly has right to decide on exceptional cases.~~ Beside this, three quarts of Administrators must come from organisations members, while at least 50% of Administrators must be of women\* and at least three quarters of Administrators must be younger than thirty. The General Assembly has right to decide on exceptional cases.

### Reason

We propose moving the phrase "The General Assembly has the right to decide on exceptional cases." to the end of the paragraph so that it applies to the entire section. This adjustment is necessary because exceptional cases may arise in various aspects, including the age and country of origin of potential EC members, the number of people from member organizations, and so on.

Of course, it is essential to strive for the most inclusive composition of the Executive Committee. However, it is equally important to retain the possibility for the General Assembly to respond to exceptional cases when necessary.

## S1 Statutes amendments

Proposer: Executive Committee  
Resolution date: 15.02.2025  
Agenda item: 2. Statutes Amendments

### Statutes

From line 178 to 179:

1. members, while at least 50% of Administrators must be of women\* and at least ~~three-quarters~~half of Administrators must be younger than thirty.

### Reason

Following the derogation from 2024 and discussions during the mandate, we propose to amend statutes to not create another derogation.

Current limitation of 1/4 means that only 1 person over 30 can be elected.

Quoting last year's reasoning: "There may be years when there are more quality candidates who are above 30 years of age, and rejecting them could be a loss for CDN as a whole. Similarly, there may be years when the number of candidates is insufficient, and the viable candidacy of individuals above the age limit could help constitute a functioning EC body without the need for by-elections. Age should not be a limiting factor; members should be eligible as long as they are under 35 years old. CDN should cherish the engagement of all young people and leverage their expertise to the fullest extent."

Proposal of 1/2 is based on last year's compromise. Quoting last year's reasoning: "This would ensure that young members will have the majority, while allowing for greater participation of more experienced activists, which will enable the transfer of knowledge and enhance the work of the EC in the future."
