Motion text

Albanian Young Greens were not active in CDN since GA in 2023. We tried several time to reach them, but they were not responding in any form. They did not show up for GA in 2024, and did not register in 2025. We informed them about the process of expelling them on 18th February 2025 - they did not respond. Thus, we propose to proceed with exclude Albanian Young Greens according to §5 of Statutes.
