F5

Political Platform Amendment

Proposer: Executive Committee (decided on: 27.03.2026)

Title: **F5 Reccomendation on the composition of the EC in the mandate 2026/27**

Motion text

```
The Executive Committee reccomends the composition of five members for the
mandate 2026/2027.
```

Reason

As per IRPs article. 2.2.22. *EC recommends the number of members to be elected for the new EC. This recommendation should be announced in the call for the EC candidates. The General Assembly confirms the decisions by 2/3 majority.*

Therefore, this is a procedural vote on the comopisition of the Executive Committee. The EC thinks that the optimal number for the functioning of the body is five members, as it has been proved that this composition allows for the best functioning of the EC.
