Agenda item: 6. Executive Committee Candidates

Introduction

Dear CDN,

Hi! My name is Sara Nukić and I understand that many of you may not yet know me! I have been involved with CDN for what will be a year this March. Ever since I had the pleasure to attend last years assembly I have felt reinvigorated in my work. The sense of a broader coalition of like minded individuals fighting for everythign I believe in filled me with purpose. Now that a year has passed I am running for Executive Commitee, something that always seems to happen when I fall in love with an organisation. I truly believe that this is the best way for me to give back and I am hopeful, albeit pretty certain, you will see it that way as well by the end of this aplication. Excited to see you all in Riga!

MOTIVATIONAL LETTER

Dear delegates,

When I became aware of this call, I felt immediately like it's an opportunity to use my skills and experience to further a movement I truly believe in. Ever since I was little I was personally concerned about the climate crisis. The values of CDNEE relate directly towards my own and it is for this reason I see myself as a good fit for the role of Executive Committee member.

Furthermore, as a graduate in **Sociology** and an **active civic activist**, I believe that my academic background, practical experience, and commitment to democratic values position me well to contribute meaningfully to the strategic development of the organization. I believe that the Executive Committee should consist of individuals who combine strategic vision with integrity, accountability, and a genuine commitment to public interest. I have already been a member of an **Executive Board in the National Committee of EYP Bosnia and Herzegovina as a Regional development and International relations** member. This experience has provided me with considerable skills in planning and implementing long term strategies with regards to organisational development. This is something that could be valuable for CDNEE as well. Besides this I have also participated in many initiatives aimed at strengthening democratic participation, promoting social responsibility, and encouraging youth involvement in decision-making processes. These experiences have allowed me to develop **strong communication, and teamwork skills, as well as a strategic understanding of advocacy and institutional engagement**. I am prepared to actively contribute to decision-making processes, long-term planning, transparency, and the continued ***strengthening of CDNEE's mission and impact***.

Dear Delegates of Member Organisations,

On behalf of Youth Movement Revolt, we are writing to express our enthusiastic support for Sara Nukić's candidacy for the Executive Committee of the Cooperation and Development Network (CDN) Eastern Europe.

Since joining Revolt in 2023, Sara has become an indispensable member of our team. Her trajectory within the organization reflects both her versatility and her commitment to our shared values. From December 2024 to February 2025, Sara served as a Project Coordinator for one of our largest projects, demonstrating a keen ability to manage complex tasks under pressure. Since early 2025, Sara has become the face of our digital identity. Her work in media campaigns and educational "explainers" has significantly boosted our online engagement and public outreach. As a peer educator at our School of Political Activism, she has shown a talent for translating complex political concepts into actionable knowledge for young activists. She has, also, previously attended CDN activities.

We are confident that Sara will bring a fresh, "on-the-ground" perspective to the CDN Executive Committee. Her expertise in advocacy campaigning and her deep understanding of the Balkan political landscape make her an ideal candidate to help steer the network's future.

We wholeheartedly recommend her for this position and look forward to seeing the energy and insight she will bring to the CDN.

Respectfully,

Melika Čačković
