

## ST Strategy 2024-28

Organization: CDN  
Resolution date: 10.12.2025  
Agenda item: 3. Organisational and Internal Documents

### Motion text

#### 1 VISION

2 ...Eastern Europe that is peaceful, inclusive, social, and sustainable. Eastern  
3 Europe with multiparty democracy in which young people with progressive values  
4 are relevant and actively engaged in civil society, politics, and decision-  
5 making processes at all levels of governance.

#### 6 MISSION

7 Our mission is to empower and support young progressive changemakers in Eastern  
8 Europe, enabling them to increase their political relevance and impact. With our  
9 activities and events, that include trainings, seminars, conferences, as well as  
10 leveraging digital tools, platforms, and resources, we strive to equip them with  
11 the necessary skills and knowledge to lead the change for more just, open, and  
12 sustainable societies.

#### 13 BACKGROUND

##### 14 External

15 We embark this strategy period in a very different reality. The unprovoked,  
16 illegal, full-scale invasion of Ukraine by the Russian Federation has turned the  
17 world upside down and had immense complications for the globe and especially for  
18 our region. Meantime, we are witnessing rise of populism and authoritarianism,  
19 democratic backsliding, deliberate weakening of the institutions, attempts of  
20 state capture, attacks on civil liberties, civil society, and independent media.  
21 Consequently, it is increasingly difficult to be young, green, progressive, and  
22 democrat in this restrictive context where activism and engagement in politics  
23 is becoming more and more challenging, exhausting, and dangerous.

24 In opposition to this, we are also witnessing a growing movement actively  
25 fighting to counter and challenge backlash on democracy. Young activists play a  
26 vital role in this movements of resisting authoritarianism and advocating for  
27 progressive policies.

28 Young people are an integral building block of the diverse coalition that drives  
29 the Green and Progressive political movement in Europe. However, the gap between  
30 West and East and North and South of Europe in terms of success of  
31 Green/Progressive parties remain wide. While Western European Green parties have  
32 made significant strides in gaining political representation and influence, the

33 same progress has been slower to materialise in the Eastern European context.  
34 Nevertheless, recent years have seen the emergence of progressive political  
35 movements in the region with increasing influence on the forefront for the fight  
36 for democracy, equality, and sustainability.

## 37 Internal

38 Over the past three years, CDN has seen notable changes and developments. We  
39 have worked diligently to enhance our operations by professionalising our work,  
40 better organising tasks and responsibilities within the Executive Committee  
41 (EC), balancing workload, and improving working conditions for staff.

42 Furthermore, we have updated our Statutes, transitioning partner organisations  
43 into Member Organisations (MOs), a move aimed at fostering inclusivity, and  
44 creating a more cohesive network. This shift maintains primary focus on non-EU  
45 member countries while encouraging greater participation from Eastern European  
46 countries within the EU. Simultaneously, we are striving to reach and include  
47 more independent progressive activists, young politicians as well as relevant  
48 organisations.

49 Given the restrictive nature of governments in specific Eastern European  
50 countries, some of our Member Organisations face significant challenges in  
51 becoming more politically engaged and operating effectively within their  
52 respective nations. In recent years, numerous activists have had to relocate due  
53 to these constraints. MOs that collaborate closely with local communities in  
54 their respective countries constantly contend with the looming threat of  
55 government intervention and limitations, stemming from the intensified scrutiny  
56 on activists and NGO activities.

## 57 Process

58 This is the context in which this four-year strategy is being developed and  
59 drafted. The process formally started at 2023 General Assembly (GA) in Warsaw  
60 that included Strategic Planning Meeting (SPM) that aimed to extract ideas and  
61 guidelines for the next years of operation. The event brought together  
62 21 delegates from 13 Member Organisations. The SPM was led by external facilitator  
63 who conducted four sessions with the aim to gather input from delegates  
64 representing MOs. Sessions included SWOT analysis, understanding people,  
65 political priorities, as well as resources, and action areas.

66 Taking the report from SPM into account, the Secretary General led the process  
67 and together with an EC representative worked on the initial draft, which was  
68 subsequently reviewed and approved by the entire Executive Committee. In the  
69 second phase<sup>1</sup>, the draft was shared with MOs and Partners with a survey to  
70 gather feedback, guiding further revisions. Simultaneously, Secretary General  
71 organised several meetings with stakeholders including in-person feedback  
72 session during Study Session in Budapest attended by 10 participants. Based on  
73 the input, Secretary General and a designated EC member further refined the  
74 strategy. Finally, the Strategy Paper underwent the process of review,  
75 amendments, and final adoption by Member Organisations during the 2024 General  
76 Assembly.

---

## 77 SWOT LANDSCAPE

### 78 Leveraging Strengths: Sustaining and Amplifying Impact

79 CDN, as an organisation, possesses certain strengths that should be harnessed  
80 and expanded upon to achieve its mission and vision effectively. These  
81 strengths, rooted in the organisation's values and operational practices,  
82 include a solid reputation built on trust, a commitment to inclusiveness, and  
83 the promotion of intersectionality. CDN's diversity, both culturally and  
84 geographically, adds significant value, enhancing its ability to adapt to  
85 different contexts within the Eastern Europe. Furthermore, the organisation's  
86 dedication to democratic principles and quality work, underpinned by a well-  
87 structured network, empowers its members, and provides space for knowledge and  
88 experience sharing.

### 89 Addressing Weaknesses: Strengthening the Foundation

90 Despite its notable strengths, CDN has encountered specific challenges over the  
91 past few years. Some of MOs have exhibited instability and inactivity within the  
92 network, and in their local initiatives. Motivation levels among MOs and  
93 activists associated with CDN have been inconsistent. The secretariat has faced  
94 recurring challenges stemming from relatively poor working conditions and issues  
95 with staff well-being, along with difficulties arising from inadequate internal  
96 communication tools and task division. These challenges are compounded by  
97 several weaknesses, including high turnover of staff, limited impact assessment,  
98 reluctance towards innovation, difficulty to reach new audiences, insignificant  
99 political influence, insufficient knowledge transfer, a dearth of comprehensive  
100 policies, and an absence of a dedicated social media presence. Addressing these  
101 challenges and weaknesses is essential for CDN's continued growth and impact in  
102 the region.

### 103 Using Opportunities: Embracing Strategic Advantages

104 CDN's strategic planning capitalises on emerging opportunities in the political  
105 and organisational landscape. We are witnessing growing engagement of youth in  
106 politics even though the methods are different from traditional ways such as  
107 party or organisational membership. At the same time, there is rising Green  
108 movement in Central and Eastern Europe (CEE) as well as increased focus from the  
109 wider Green movement in the region with aim to support progressives on the  
110 ground. CDN, with its established presence and expertise, is uniquely positioned  
111 to seize this moment. CDN should explore extensive partnership opportunities,  
112 foster sustainable collaborations, and facilitate the exchange of experiences  
113 and ideas with partners. Furthermore, embracing intersectionality and digital  
114 technologies can enhance CDN's influence and reach.

### 115 Mitigating Threats: Safeguarding Organisational Resilience

116 To secure its future, CDN must address potential threats that could interrupt  
117 its mission. These are the potential threats to successful achievement of the  
118 mission: consolidation of far-right, authoritarian, and populist governments in

119 the region that create hostile environment for progressive activists; shrinking  
120 space for civil society; all these accompanied with economic challenges that  
121 result in demoralisation and high level of brain drain of CDN's primary target  
122 group; Besides, visa and border restrictions hindering in-person events.

## 123 STRATEGIC GOALS:

### 124 1. Empower Progressive Changemakers

125 ...and equip activists and leaders with necessary capacities to actively engage  
126 in political processes; Provide comprehensive training, political education,  
127 opportunities for knowledge exchange, and utilise digital tools to foster their  
128 growth, reach, and impact.

### 129 2. Strengthen the Network

130 ...and connect further with the existing Member Organisation as well as welcome  
131 new ones. Moreover, prioritise intra-organisational growth and  
132 professionalisation of CDN to enable greater and more sustainable impact.

### 133 3. Bring Eastern European Perspective

134 ...and cultivate a strong understanding of regional dynamics and political  
135 developments in Eastern Europe. Position CDN as influential source and a  
136 reference point within Green and Progressive European circles.

## 137 STRATEGIC OBJECTIVES:

### 138 1. We will Empower progressive changemakers by:

- 139 1. Developing and implementing effective training events to enhance  
140 their capacities;
- 141 2. Strengthening theoretical knowledge in key subject areas (such as  
142 the climate crisis, security, social justice, democracy) by  
143 organising educational events such as seminars, conferences, Study  
144 Sessions, as well as knowledge-sharing outputs such as publications,  
145 podcasts and recordings;
- 146 3. Design and implement tailored mentoring year-long projects with  
147 series of in-person and digital meetings focusing on key areas of  
148 impactful and sustainable organisation.
- 149 4. Elevating attention towards 1. young members within political  
150 parties who are not necessarily involved in youth wings; 2.  
151 progressive activists who are not part of member organisations;
- 152 5. Collaborating with professional organisations, companies, experts,  
153 and academics to support preparatory teams in creating relevant and

154 high-quality content for activities as well as deliver at least 1/4  
155 of sessions during the events.

156 Overarching approach:

- 157 • Promoting Inclusivity: Ensure that all our activities are inclusive and  
158 accessible to a diverse range of participants. Implement measures to  
159 accommodate different backgrounds and ensure safe space;
- 160 • Ensuring intersectional approach: embed an intersectional approach into  
161 all our initiatives, recognising the interconnectedness of environmental  
162 issues with social justice concerns, as well as acknowledging the complex  
163 interplay of personal characteristics such as race, gender, sexuality,  
164 class, and ability;

165 2. We will Strengthen the Network by:

- 166 1. Evaluations and annual membership survey to gather feedback and  
167 ensure relevance of upcoming activities;
- 168 2. Expanding Network Membership, particularly in countries where we  
169 currently lack representation. Additionally, giving special  
170 attention to the independent activists and young members of  
171 progressive political parties;
- 172 3. Focusing on further Professionalisation of the organisation: improve  
173 internal management, governance processes, policies, transfer of  
174 knowledge and documenting.
- 175 4. Diversifying Funding Sources: Develop a fundraising strategy to  
176 maximise support from Green foundations while actively seeking new  
177 funding sources. Concurrently, increase attention towards small-  
178 donor donations and launch fundraising campaigns.
- 179 5. Developing well-being-oriented Human Resource policies, fostering  
180 skill and knowledge development, and enhancing the working  
181 conditions and retention of staff and the Executive Committee;
- 182 6. Organising productive and well-planned Executive Committee Meetings  
183 and invigorating General Assemblies;
- 184 7. Enhancing communication channels and strategies, including the use  
185 of digital platforms and social media, to effectively disseminate  
186 information, statements, share success stories, and mobilise for  
187 collective actions and campaigns.

188 3. We will Bring Eastern European Perspective by:

- 189 1. Strengthening Partnerships with Progressive and Green Stakeholders:  
190 Foster ongoing and extended collaborations with partner  
191 organisations like Federation of Young European Greens, as well as

192 European Green Party, Green European Foundation, and Heinrich Boell  
193 Offices in the region.

194 2. Increasing political communication on Eastern Europe issues and  
195 developments: publishing statements and opinion pieces by Executive  
196 Committee Members, Secretary General, and other relevant  
197 individuals, organising webinars, providing input to other Green and  
198 Progressive actors;

199 3. (Re)Introducing and maintaining Newsletter to share important  
200 updates, insights, and perspectives from Eastern Europe. Highlight  
201 the contributions of Member Organisations and other progressive  
202 forces from the region, actively engage with them to gather input  
203 and provide informed contributions on key regional and political  
204 developments.

## 205 **BOLSTERING OUR CAPACITY FOR EFFECTIVE STRATEGY** 206 **DELIVERY**

207 To ensure our ability to execute the strategy effectively, we recognise the  
208 importance of building organisational capacities which are essential not only  
209 for our strategic success but also for achieving our goals. Consequently, we  
210 have identified following four priorities:

### 211 **Internal Management:**

- 212 • Develop a comprehensive governance handbook that outlines roles,  
213 responsibilities, and decision-making processes for the Executive  
214 Committee, office as well as for temporary structures (such as Presidency,  
215 Prep Teams);
- 216 • Improve delegation order and reinforce in practice;
- 217 • Develop transfer document for each staff position (replacing of single  
218 document for whole staff);
- 219 • Optimise office structure and positions, ensuring more efficient task  
220 allocation and defined responsibilities:
  - 221 ◦ In case of financial possibilities, prioritise the following new  
222 staff positions for: 1. Finances and Admin 2. Communications

### 223 **Communications:**

- 224 • Utilise digital organising tools such as petitions and continue  
225 newsletter. Initially, to be distributed quarterly, with the goal of  
226 transitioning to a monthly basis;
- 227 • Targeted social media presence and increased political communication;
- 228 • Improve internal communications by unifying communications channels;

## 229 Human Resources:

- 230 • Revise contracts to ensure their legal compliance and practical  
231 applicability;
- 232 • Prioritise office well-being and professional growth;
- 233 • Update guide for onboarding and offboarding procedure;
- 234 • Establish a systematic performance assessment process, including regular  
235 evaluations and feedback sessions;

## 236 Finances:

- 237 • Reinforce intra-organisational financial procedures and rules;
- 238 • Strengthen fundraising efforts to diversify income streams by applying a  
239 minimum of two grants from sources beyond our existing partners. However,  
240 ensuring that any new projects do not overburden existing staff;
- 241 • Facilitate sub-granting possibilities to member organisations;

## 242 IMPLEMENTING, MONITORING AND EVALUATION

243 To bring our vision and mission to life, CDN is led by its Executive Committee  
244 and Secretary General, elected by member organisations at our annual General  
245 Assembly. The daily operations are carried out by staff, based in Belgrade,  
246 under the responsibility of the Secretary General. Our guiding document, the  
247 Political Platform, adopted by member organisations at the General Assembly,  
248 outlines our political positions and values. While Internal Rules of Procedure  
249 regulates framework of our operations. In addition, Safe Space Policy provides  
250 practical guidelines for ensuring inclusive and safe environment during our  
251 activities as well as general work.

### 252 Implementing

253 Central to our implementation strategy are the Annual Activity Plans that are  
254 developed and presented by the Executive Committee to be adopted at the General  
255 Assembly. They serve as a roadmap for the year ahead, outlining specific  
256 initiatives and activities aligned with our strategic objectives. Developed  
257 through inclusive and democratic processes, these plans provide detailed  
258 guidance for action, defining objectives, and timelines.

259 In coordination with our Annual Activity Plans, Executive Committee presents a  
260 Financial Plan which is subsequently adopted at the General Assembly. This plan  
261 is designed to efficiently allocate resources in alignment with our strategic  
262 objectives and initiatives, ensuring the availability of the financial support  
263 required to achieve strategic objectives.

## 264 Monitoring and Evaluation

265 The fulfilment of Strategic Plan is monitored by the Executive Committee under  
266 the guidance of Secretary General. They identify and track Key Performance  
267 Indicators (KPIs) directly linked to our strategic objectives. These KPIs  
268 undergo an annual review to assess their progress and effectiveness in advancing  
269 our strategic priorities.

270 As part of the monitoring process, progress reports related to the Annual  
271 Activity and Financial Plans are presented at the General Assembly. These  
272 reports offer a comprehensive overview of each initiative, highlighting  
273 achievements, challenges, and areas for adjustment, while also showcasing their  
274 alignment with our strategic objectives and progress toward fulfilment.

275 CDN values feedback from participants of our events, Member Organisations,  
276 partners, and other stakeholders. We actively seek input through surveys,  
277 consultations, and feedback mechanisms to gain diverse perspectives on our work.  
278 This continuous feedback loop helps us identify areas for improvement, refine  
279 our strategies, and enhance the impact of our initiatives.

280 The strategy will undergo a mid-term assessment at the two-year mark to evaluate  
281 its relevance, progress, and effectiveness in advancing our strategic  
282 priorities. The review process will be led by Secretary General and involve  
283 analysing feedback from conducted activities, interviews with several  
284 participants, stakeholders, selected Member Organisations, and partners. Based  
285 on the feedback, the Executive Committee should discuss amendments to the  
286 Strategy to be proposed at the 2026 General Assembly.
